BaSco'

**Baseboard / Mopboard / Skirting board / Chair rail board /
Molding / Decorative element**

Design, creativity, innovation, all provoking astonishing sensations.
Fantadesign.

How would you define Stikka?

The current way of interpreting furnishings is often considered boring or common. Conversely, BaSco' is unique and versatile, offering multi-application products from baseboards, mopboards, molding and skirting boards to chair rail boards all with decorative elements. It covers the uneven edge of flooring next to the wall; protects the wall from kicks, hits and abrasions from furniture, pets, children etc. Available in either plastic or wood, they are able to shape ideas and characterize your spaces with highly creative innovative designs.

Stikka has reinvented the traditional concept of furniture by interpreting contemporary trends in furniture and decorative aesthetics as well as by paying close attention to materials and details within a collection that will allow you to reinvent the interior architecture of any space.

Stikka has developed thirteen models, designed by the designer and spray paint artist *Stefania DAMU Reggiani*. They were created to meet the needs of those who want to creatively personalize their environment while always taking into account the functionality and resilience of modern materials.

With Stikka BaSco', reinventing environments is a fantastic and extraordinary experience.

Battisedia / Battiscopa / Cornice

Design, fantasia, innovazione, emozioni.

Fantadesign.

Queste le parole d'ordine di Stikka.

Un nuovo modo di interpretare complementi d'arredo spesso considerati scontati o noiosi. BaSco' è un prodotto unico e versatile, una cornice che ha molteplici applicazioni: battisedia, battiscopa, cornice, elemento decorativo.

Complementi in plastica o legno in grado di dare forma alle idee, di caratterizzare gli spazi con un design innovativo.

Stikka ha reinterpretato il concetto di complemento d'arredo, seguendo le nuove tendenze estetiche contemporanee, l'attenzione per i materiali e la cura maniacale per i dettagli con una collezione di complementi che reinventeranno l'architettura degli interni.

Stikka ha creato tredici modelli pensati dalla designer e spray paint artist *Stefania DAMU Reggiani*, studiati per soddisfare le esigenze di chi desidera personalizzare con creatività gli ambienti senza trascurare la funzionalità e la qualità dei materiali.

Con Stikka BaSco' arredare diventerà un'esperienza fantastica ed extra-ordinaria.
